

Good Morning, World

Natalie J Ledford

♩ = 180

Li- ft up your head, Sleep-- y head. It's time to wake

7

up, to get up out of bed. The mor- ning is fresh. I feel the

13

dew. The sign of His love. His mer- cies are new. It's time to get

19

up. Feel the sun on your face. The mo- ment is gol- den to

24

feel His em- brace. His fa- vor is shi- ning like the sun on your

29

skin. It's time to start dan- cing, lift your voice, start to sing.

34

This is your day. You once walked in dark- ness. Tru- dged

39

mourn- ful- ly through life. Told your self to hang on. To

43

ne- ver let up. To hang on to love. To ne- ver let go. But

49

now it's time for it to flow. The mor- ning is here. The

55

sun's shi- ning bright so step out of the dark- ness and in- to the

60

light. The light of His fa- vor, the light of His love, the

65

light of His mer- cy, His good ness and peace. Oh,

69

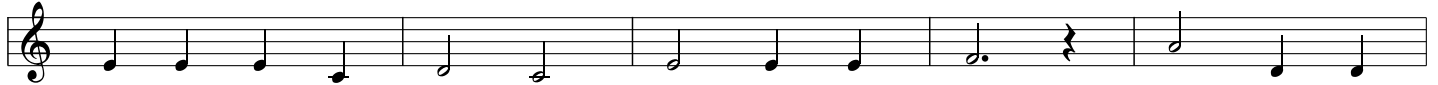

may His King- dom ev- er in- crease! I won't wo- rry

74

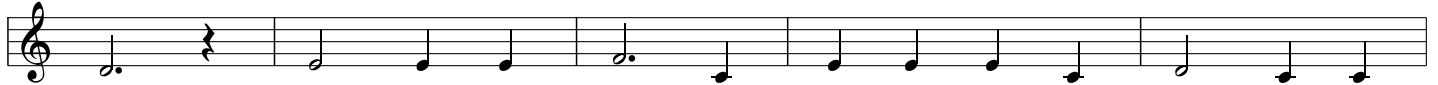

I won't fret. God's got go- od things for me yet. Good mo- ning- world. It's

79

time to meet the new day. Good mo- ning- world. Good mor- ning

84

world. Good mor- ning world! It's time to greet the new day. It's

89

time to seize the new day.
